

Holiday Farm "La Tana del Lupo" at National Park of the Gran Sasso and the Laga Mountains

Abruzzo  Europe

- La Tana del Lupo has a panoramic position in front of the Gran Sasso d'Italia, the highest point of the Italian Appenine mountain range. It lies in the heart of the National Park of the Gran Sasso and the Laga Mountains, immersed in the quiet and peaceful surroundings of ages old oak forests.
- The accommodation is rustic and comfortable. There is a choice between the rooms, the old cottage and the little bungalows with their own pergola. In our restaurant we use our own organic produce and healthy local ingredients to prepare authentic dishes from the Teramo and Abruzzo kitchen. Our specialty is the kitchen of the mountain folk, with smells and tastes that revoke the original ingredients harvested on the mountains.
