### WHY CERASELLA NAME?

The word Cerasella means more than a thing, a cherry liquor and a kind of chilly.

The Cerasella name has been singed in 2 famous songs, the first in 1895 and the second in 1959 by Gloria Christian during the Neapolitan Festival. It is also named in the “Italian Songs Dictionary” as a nice song that changed the usual way of singing of the 50<sup>th</sup>.

## Masseria Cerasella

The Cerasella farm-house is situated along the road leading to the National Park of the Majella, between the “Quarto Grande” and the “Quarto Santa Chiara”, in a place where animals move from a park to another. All 6 rooms, country styled furnishing have private bathroom and overlooking the mountains: Monte Croce, Pietre Cernaie, Monte Pizzalto, Monte Tocco, Monte Porrara, and Catena.

At 5 minutes by car visitors can reach the skiing centre of Aremogna/Roccaraso (about 100 km of skiing tracks) and from St Anthony Wood (natural area and skiing tracks).

A cozy little hall with chimney, TV and video recorder tape and local mountains documentaries to watch.

Outside a nice garden to rest and a barbecue area where visitors have the chance to taste the local meat.
